v.54

Index—January-December, 1926

A

	Month	Page
Abrasives, Machine Improves Grains of	Sept. 15	755
Accidents, Western Foundry Averts	Nov. 15	916
Accidents, Tilting Spout Reduces Foundry	March 1	206
Accuracy, Produce Cores by Thousands with Watch-Making	Aug. 15	638
Accurate Tools Are Required for Measuring and Marking	June 1	442
Acetylene Welding Problems, Consider	Dec. 1	955
Acid Fumes, Installs Apparatus To Remove Pickling	Jan. 15	49
Acid Furnace, Melt High Chromium Alloy in	March 15	229
Acid Proof Bronze, Wants	Aug. 15	646
Acids in Paper Mill, Bronze Withstands Weak	Jan. 1	24
Adaptable Molding Machine Co. Builds Sand Riddle	Dec. 1	967
Adequate Eye Protection Is Approved	May 15	402
Adjustable Clamps, Makes	July 1	536
Agitation Improves Iron	Oct. 1	773
Air		
Finds Use in Industry, Castings Help as Compressed	March 15	211
Is Preheated in Crucible Furnace	June 15	490
Is Preheated in New Melting Furnace	Jan. 15	84
Air Grinder, Makes Changes in	June 15	492
Air Pressures in Cupolas, Determining	Sept. 1	695
Air Pressure, Reduces	Sept. 15	756
Air Tools, Builds Line of Portable	Jan. 15	83
Alamo Iron Works, Cleaning Castings at the	Jan. 15	71
Alamo Iron Works, Description of	Aug. 15	622
Albion Malleable Iron Co. Utilizes Powdered Coal	Sept. 1	666
Alexander Milburn Co.		
Builds Cutting Torch	Dec. 15	1005
Designs Preheating Device	March 1	207
Introduces Small Torch	June 15	492
Alkali Flux, Refine Iron with	March 1	180
Alkaline Solutions, Aluminum Is Attacked by	Oct. 15	836
Allis-Chalmers Mfg. Co. Installs Sand Throwing Machine	May 15	413
Alloy		
Desires Hard	Feb. 15	143
For Small Propeller Wheels	Feb. 1	108
Makes Bushing	Feb. 1	108
Mixture for Hard	June 1	430
Resembles Nickel	March 1	188
Resists Corrosion	Aug. 1	602
Wants Crankcase	May 1	364
Alloy Castings Poured too Hot	Dec. 15	999
Alloy Formulas, Desires	Feb. 1	108
Alloy Metal Made in Electric Furnace	Nov. 15	909
Alloy Steels, Reagents for Etching	March 15	231
Alloy Strength, Standard	May 15	393
Alloys		
Are Hard To Compare, Aluminum	April 15	324
Are Not Cheap, Hard White	Jan. 15	66
British Specifications for Light Casting	July 15	564
Consider High Resistance	Nov. 1	874
Develop Greater Commercial Applications, Aluminum	Feb. 1	105
For Pumps from Lead Base	March 15	235
Impact Tests Show Fitness of Cast Aluminum	June 1	426
In Acid Furnace, Melt High Chromium	March 15	229
Making Silicon	May 1	364
Recommend Change in Listing	April 15	324
Alpha-Lux Co. Inc., Develops Refractory Cement	Jan. 15	84
Aluminum		
By Two Methods, Welds	Feb. 1	117
Causes Trouble	June 15	474
Effect of	Jan. 1	14
In Brass, Uses	June 1	430
Melting Scrap	Jan. 15	66
Soda Affects	Oct. 15	836
Aluminum Alloys		
Are Hard To Compare	April 15	324
Desires	Oct. 1	784
Develop Greater Commercial Applications	Feb. 1	105
Impact Tests Show Fitness of Cast	June 1	426
Mechanical Properties of Various	June 1	426
Will Meet Tensile Test	Nov. 1	865
Aluminum Brass, Nickel Iron	Jan. 15	60
Aluminum Bronze To Be Melted in Cupola	Feb. 1	108
Aluminum Melting Takes Care	April 1	268
Aluminum Pattern from a Plaster Pattern, Making	Jan. 15	54
Aluminum Plates Corrode	July 1	520
Aluminum Specifications Differ, American and British	July 15	564
Aluminum Wheels Used on Band Saw	Nov. 1	884
American and British Aluminum Specifications Differ	July 15	564
American Bureau of Welding, Meeting of	May 15	403
American Cast Iron Pipe Co.		
Builds New Plant	April 1	267
Cast Pipe Centrifugally	May 1	351
Makes Sand Spun Pipe	Dec. 15	972
American Ceramic Society, Annual Meeting of	Feb. 15	164
American Electrochemical Society		
Announce Spring Meeting of	Jan. 15	82
Plans Spring Meeting	April 1	261
Report of Meeting	Nov. 1	874
Spring Meeting of	May 15	388
American Engineering Co. Builds New Hoists	Aug. 1	616
American Engineering Co. Introduces Trolley Hoist	May 1	373
American Engineering Standards Committee Fosters Pipe Standardization	May 15	387
American Foundry Equipment Co., Permanent Mold Method Introduced by	Jan. 15	42
American Foundrymen's Association		
Announce International Meeting of	Jan. 15	67
Announces Tentative Convention Program	Aug. 1	610
Awards Medals	Sept. 1	676
British Exchange Paper to the	Oct. 1	767
Committee Nominates Officers for	July 15	549
Detroit Convention	Sept. 15	706
Display of Activities at Convention	Oct. 15	816
European Delegates at the	Oct. 15	805
Exhibition Report	Oct. 15	818
Exhibits Described in Detail	Sept. 15	714
Foreign Foundrymen To Visit	April 1	273
New Directors of the	Oct. 15	817
Plans Molding Contest	July 1	513
Plans Technical Meeting	March 15	249
Report of the Convention	Oct. 15	802
Result of Guessing Contest	Oct. 15	812
Results of Apprentice Training Contest	Oct. 15	818
Selects Chicago for 1927	Dec. 15	1004
Technical Convention, Program of the	Sept. 15	700
American Hoist & Derrick Co., Redesigns Gasoline Hoist	Jan. 15	82
American Institute of Mining & Metallurgical Engineers, Annual Meeting of	March 1	200
American MonoRail Co., Builds Conveyors	Sept. 15	755
American Practice, Criticize	Jan. 15	50
American Refractories Institute, Report of Meeting of the	Nov. 15	899
American Refractories Institute Announce Annual Meeting	April 1	292
American Society of Mechanical Engineers Nominate Officers	Aug. 1	614
American Society for Mechanical Engineers Publishes Standards	Dec. 15	1004
American Society for Testing Materials		
Announce Annual Meeting	Jan. 15	83
Announces Meeting Date	Dec. 1	958
Annual Meeting of the	July 15	545
Elects New Officers	July 15	546
Issues Proceedings	March 15	236
American Trip, European Foundrymen Plan	June 15	478
American Welding Society, Convention of	Dec. 1	955
American Welding Society, Meeting of	May 15	403
Analyses		
For Cast Toys	July 1	501
Of Castings	March 15	234
Of Irons as Melted and Refined	March 1	180
Of Irons in Test	Aug. 15	657
Analysis, Size of Charge Influences	Oct. 1	792
Ancient Chinese Excelled in Making Delicate Art Castings	Feb. 15	130
Ancient Methods Prevail in Central China	March 15	220
Angles, Protractors Measure	June 15	484
Annealing Cases in Malleable Plant, Handles	Jan. 15	83
Annealing Malleable Castings	Feb. 1	102
Annealing Oven, Detailed Instruction Given for	Sept. 15	745
Annealing Ovens Use Powdered Coal	Sept. 1	666
Annealing Pots Handled by Electric Trucks	April 1	262
Annealing Steel Castings—I	Nov. 1	854
Annealing Steel Castings—II	Nov. 15	892
Antimony in Brass Mixtures	Nov. 1	865
Antimony, Litharge Slags	Aug. 1	646
Anvil Block Casting, Makes Jumbo	Feb. 1	104
Apprentice Contest Awarded	Nov. 15	923
Apprentice Training, Adopt Principles for	May 1	362
Apprentice Training, Start Your Boy Right Through	July 15	540
Apprentices		
Plan Molding Contest for	July 1	513
Training	Oct. 15	810
Want To Know What Goes on Inside the Works	April 15	300
Apprenticeship Courses, New England Foundrymen Discuss	April 1	292
Apprenticeship Training	April 15	300
Apprenticeship, Your Boy, Start Him Right by an	July 15	540
Arc Type Furnace, Russians Use Rotating	Dec. 15	980
Arc Welder, Designs	Jan. 15	82
Arcade Mfg. Co., Designs Lift Truck	July 1	535
Arrester Is Lined With Firebrick, Spark	July 15	580
Art Castings, Ancient Chinese Excell in Making Delicate	Feb. 15	130
Association of Chemical Equipment Manufacturers Hold Meeting	June 1	429
Association of Chemical Equipment Manufacturers To Hold Convention	Feb. 1	123
Association Technique de Fonderie of Belgium, Elects Officers	July 15	579
Association Technique de Fonderie of Belgium, Annual Meeting of	Jan. 15	50
Association Technique de Fonderie of France Elects New Officers	June 15	471
Association Technique de Fonderie of France, Meeting of the	Jan. 15	50
Attaining Quantity with Quality Improved—I	July 1	496
Attaining Quantity with Quality Improved—II	July 15	552
Auto Foundry, How New Equipment Helped Triple Output in an	June 1	418
Automobile Castings Made on Conveyor System	April 1	256
Automobile Castings, Making Cadillac	May 15	389
Automobile Foundries	Aug. 1	596
Automobile Foundries, Production Methods in	July 1	496
Automobile Tires, Castings Find Work in Making	Nov. 1	845
Automobiles, Making Toy	July 1	501
Automotive Parts, Conveyor System Speeds Production of	April 1	256
Auto Parts Are Cast From Crucible Steel	Sept. 1	674
Axle Box, Gives Pattern Detail and Method of Molding	March 15	242

B

	Month	Page
Bacharach Industrial Instrument Co. Builds Meter	Dec. 1	967
Bag Holder Is Portable	March 1	207
Baker-Raulang Co. Introduces Crane Truck	Aug. 1	616
Balls, Making Hard Iron	April 15	308
Balls, Melts Steel for	Oct. 1	779
Band Saw, Aluminum Wheels Used on	Nov. 1	884
Band Saw Is Important Tool	Sept. 15	746
Barber Supplies, Castings Needed for	Aug. 15	621
Barlow Foundry Inc. Celebrate Centennial	Feb. 15	144
Bastian Blessing Co., Introduces Fire Extinguisher	July 1	535
Batteries Not Required	Aug. 15	662
Bearing Alloy, Gives	Sept. 1	685
Bearings, Makes Oilless	Dec. 15	999
Belgium and French Foundrymen Discuss American Test Bar	Jan. 15	50
Bell for Philadelphia, British To Cast	Aug. 15	642
Bellows, Uses Old Piston	Oct. 1	790
Bells Are Out of Tune, British Church	Feb. 1	123
Belts To Resist Heat	Aug. 15	656
Benefit Association, Employees Form	Feb. 15	141
Berks Foundry & Mfg. Co., Employees Benefit Association Is Formed	Feb. 15	141
Bessemer Award, Receives	June 15	488
Bettle Affects Cost of Sand Production	Oct. 15	841
Bill		
Comments on the Outside Viewpoint	April 1	283
Demonstrates How Soil Pipe Is Made	Nov. 1	868
Describes a Hydraulic Ram Pattern	March 15	232
Describes a Long Cylinder Core	June 15	475
Describes Causes of Hard Spots	Sept. 15	741
Describes Mold for Hydraulic Cylinder	June 1	434
Describes Rigging for Making Pipe	Jan. 1	25
Explains Cause of Shifted Castings	March 1	193
Explains How To Make a Kettle	July 15	568
Explains Variations in Analysis	Aug. 1	605
Explains Why Molds Cut on the Face	April 15	326
Figures Weight of Round Castings	Sept. 1	686
Hands Advice to a Foreign Visitor	Feb. 1	109
Hears the Sad Tale of Two Cities	May 15	399
Learns How Trick Castings Are Made	Oct. 1	781
Looks Into a Deep Cupola Problem	Jan. 15	68
Melts Copper in an Air Furnace	Dec. 1	952
On How To Make a Lead Kettle	Aug. 15	650
Says a Good Word For the Minority	Dec. 15	991
Spreads Himself on Shrinkage Argument	Oct. 15	830
Talks on Busses and Splitting Cores	Nov. 15	912
Talks on Gardens and Core Binders	July 1	525
Talks on Hermits, Hoboes and Brake Shoes	May 1	359
Wonders Why Barrels Are Scarce	Feb. 15	154
Billets, Making Cored	June 1	430
Binder Is Important, Core	Jan. 15	51
Birdsboro Steel Foundry & Machine Co., Plant Flowers and Shrubs	July 15	563
Blacking Responsible For Spotty Castings	Jan. 15	59
Blames Foreman for Low Foundry Production	July 1	505
Blanks Cast in Cores on Edge, Gear	Oct. 1	787
Blocks Made on Sand Blowing Machines, Cylinder	May 15	383
Blocks, Patching Material Burns Cupola	April 1	271
Blows, Chills Cause	July 15	571
Blows, Cores Cause	May 1	364
Blueprints		
Consider Weights on	March 15	239
Survey Desirability of Weights on	May 1	372
Will Consider Adding Weights to	Feb. 15	164
Boiled Linseed Oil for Hard Sand Match	Jan. 15	74
Bolt Cutter Handles, Care Required in Molding	April 15	329
Bond in Sand Heap, Renews	Dec. 15	978
Bond, Rejuvenate Burned out Sand Heaps with Clay	May 15	394
Bonds Sand, Fine Clay	Aug. 15	662
Bonus Plan Advantageous	Aug. 15	647
Book Review:		
Chemical Engineering and Chemical Catalog, Second Edition	May 15	392
Construction and Operation of the Steel Converter and Small Bessemer	Sept. 1	680
Cost Accounting in the Iron Foundry	Aug. 1	588
Draft and Capacity of Chimneys	Feb. 1	104
Engineering Index 1925	July 1	524
Engineering Metallurgy	Dec. 1	956
Fachwortenbuch fur das Giessereiwesen	Dec. 15	983
Foundry Cost Accounting	April 1	279
Foundry Practice	April 1	282
Foundry Sand	Dec. 15	986
How To Buy and Use Fuel Oil	June 15	460
Industrial Safety Organization	Nov. 1	860
Mainsprings of Men	Jan. 1	13
Metal Statistics 1926	June 1	436
Metallography and Heat Treatment of Iron & Steel	July 1	565
Metallurgy of Cast Iron	Nov. 15	910
Refining Metals Electrically	March 15	236
S. A. E. Handbook March 1926	July 15	551
Story of Steel	Dec. 15	990
Transactions of the American Foundrymen's Association	July 1	509
Bowen Instrument Co. Introduces Pyrometer	Aug. 1	616
Bowers, Introduces Pasting Machine, George H.	Sept. 15	755
Boyden Honored for Malleable Discovery, Seth	Feb. 15	144
Bradley Washfountain Co. Builds Washroom Fixture	March 15	250
Brass		
Boils When Zinc Is Distilled	April 15	323
Effect of Nickel on	Jan. 1	14
Effect of Iron on 53:47	Jan. 1	14
Effect of Nickel on 1.5 Per Cent Aluminum	Jan. 15	60
Effect of Tin on	Jan. 1	14
In Cupola, Melt	Jan. 15	45
In Cupola, Melt	Oct. 15	836
Make Heavy Castings of	April 1	274
Physical Properties of Pure	Jan. 1	14
Uses Aluminum in	June 1	430
Brass Casting, Uses too Much Deoxidizer in	July 15	571
Brass Castings Are Made Thin	July 1	520
Brass Foundry		
Co-Operation Needed in the	Oct. 15	833
Make Steel Casting in	May 15	389
Uses Innovations	April 1	288
Brass Furnaces, Novel Ideas Feature Homemade	Jan. 1	28
Brass Mixtures, Antimony Used in	Nov. 1	865
Brass Shop Uses Conveyors	July 1	517
Brasses-I, Studies Special Nickel	Jan. 1	14
Brasses-II, Studies Special Nickel	Jan. 15	60
Brick, Getting Double Duty from Fire	July 15	550
Brick not Used for Ladle Lining, Silica	Feb. 1	99
Brightside Foundry & Engineering Co., Ltd., Makes Large Casting	Feb. 1	104
Brinell Hardness Tester, Makes Testing Rings for	Aug. 1	616
Britain, Adopt Cast Houses in	Sept. 15	739
British		
Adopt Cast Iron Houses	Sept. 15	739
Display Machines in Operation	July 15	560
To Build More Cast Iron Houses	Feb. 1	118
To Cast Bell for Philadelphia	Aug. 15	642
British and American Aluminum Specifications Differ in Requirements	July 15	564
British Cast Iron Research Association Holds Meeting	Jan. 1	36
British Church Bells Are out of Tune	Feb. 1	123
British Firms Combine	Feb. 1	125
British Foundrymen Hold Annual Dinner	April 15	325
British Method for Making Axle Boxes	March 15	242
British Specifications for Light Casting Alloys	July 15	564
British System of Finding Foundry Costs, Describes a	Feb. 15	151
Brittleness in Malleable Iron, Remove	Feb. 15	159
Bronze		
Corrosion Proof	Jan. 1	24
Fails To Flow	Aug. 1	602
For Die Molds	April 15	323
In a Cupola, Melt	May 15	393
Physical Data on	July 1	520
To Be Melted in Cupola, Aluminum	Feb. 1	108
Wants Acid Proof	Aug. 15	646
Withstands Weak Acids in Paper Mill	Jan. 1	24
Bronze and Graphite Bearings, Wants	Dec. 15	999
Bronze Bars, Scale Forms on	Feb. 15	143
Bronze Bushings, Gas Holes Eliminated from	Oct. 15	836
Bronze Castings for Water Meters, Make	May 15	390
Bronze Display Signs Cause Trouble	April 1	274
Bronze Elbows Leak	June 15	474
Bronze Mixture, Gives	April 1	274
Bronze Pump Castings, Eliminates Scabbings of	Sept. 1	685
Bronze Water Valves Are Porous	July 1	519
Brown & Sharpe Mfg. Co., Sand Experiments at the	Dec. 15	978
Bucket Loader, Builds Crawler Type	May 1	373
Buckeye Dryer Co. Builds Sand Pulverizer	April 1	295
Buckeye Portable Tool Co. Builds Air Tools	Jan. 15	83
Buffalo Foundrymen Hear O. J. Abrahamson	March 1	207
Builds Steel Foundries Where Towering Derricks Rise	Nov. 15	918
Burned in Ladle, Stopper Rod Bolt Is	Aug. 15	637
Burner Selection Involves Study of Entire Heating Problem	Dec. 1	957
Burning Fuel Oil Efficiently	March 1	196
Burns Cupola Blocks, Patching Material	April 1	271
Bushing Alloy, Makes	Feb. 1	108
Bushings		
Are Porous	May 1	364
Iron Causes Porosity in	Dec. 15	999
Of Brass, Make Large	April 1	274

C

	Month	Page
Cadillac Motor Car Co., Making Castings at the	May 15	383
Caldwell & Son Co. Builds Car Spotter, H. W.	June 15	491
Calipers, Patternmaker Uses	May 1	365
Can Used Sand Be Reclaimed?—I	March 1	170
Can Used Sand Be Reclaimed?—II	March 15	216
Can Used Sand Be Reclaimed?—III	April 1	265
Can Used Sand Be Reclaimed?—IV	April 15	311
Can Used Sand Be Reclaimed?—V	May 1	356
Can Used Sand Be Reclaimed?—VI	May 15	394
Canadian Foundry Makes Large Hydraulic Runner	Aug. 1	601
Carbon		
In Cast Iron, How Phosphorus Influences	Sept. 1	681
In Cast Iron, Combined and Graphitic	July 1	506
Influence of Heat Treatment of	Aug. 15	633
Carbon Content of Gray Iron and Semisteel, Comparison of	Aug. 15	633
Carbon Pickup, Furnace Report Shows Effect of Silicon on	Feb. 1	95
Cars, Crane Truck Unloads Castings from	Aug. 1	616
Car Wheel, First To Cast Present Style	Jan. 15	81
Car Wheel Shop, Hot Blast Cupola Operates in	Sept. 15	729
Cases in Malleable Plant, Handles Annealing	Jan. 15	83
Cast Aluminum Alloys, Impact Tests Show Fitness of	June 1	426
Cast Houses in Britain, Adopt	Sept. 15	739
Cast Iron		
Compared, Two Extremes in	March 1	180
Cooling Curves of	May 15	378
How Phosphorus Influences Carbon in	Sept. 1	681
Northwest Offers Field for Synthetic—I	Sept. 1	670
Northwest Offers Field for Synthetic—II	Sept. 15	736
Phosphorus Affects Qualities of Gray—I	May 15	378
Phosphorus Affects Qualities of Gray—II	Jan. 1	423
Stick To Monel Metal, Will	Sept. 15	744
Tested Quickly	Aug. 15	657
Cast Iron Houses for Britain, More	Feb. 1	118

	Month	Page
Cast Iron Pipe Centrifugally, Making	Jan. 15	58
Cast Iron Pipe Centrifugally, Making	Dec. 15	972
Cast Iron Pipe Standardization, Organize for	May 15	387
Cast Iron Structure—I, Marks Influence of Elements on	Oct. 1	767
Cast Iron Structure—II Marks Influence of Elements on	Oct. 15	825
Cast Iron Vessels Made in China	Aug. 15	661
Cast Iron Welds, Recommends Tests for	July 15	572
Cast Irons—I, Investigates Heat and Scale Resisting	Dec. 1	946
Cast Irons—II, Investigates Heat and Scale Resisting	Dec. 15	994
Cast on Edge, Steel Disk Is	July 1	528
Cast Pipe Centrifugally	May 1	351
Cast Pipe, Studies Properties of	Aug. 1	594
Cast Present Style Carwheel, First to	Jan. 15	81
Cast Steel Ingot Molds Are not Suitable	Oct. 15	842
Casting		
Dissect Properties of Chinese	May 1	355
Leaks Around Flange Junction	Oct. 1	772
Steel in a Brass Foundry	May 15	389
Student Makes Wheel	Jan. 1	437
Casting Design Reduces Expenses, Changed	Oct. 1	766
Casting Machine, Fours Work in	April 15	317
Casting Plant in Texas, Erects Modern	Aug. 15	622
Casting Properties, Long Life Mold Temperatures Regulate	Feb. 15	147
Castings		
Actively Engaged in Transportation Business	Oct. 15	801
Are Porous	July 1	519
Are Required for a Shave and a Haircut	Aug. 15	621
Are Returned, Who Pays When	April 15	324
Assist in Moving Nation's Freight	Jan. 15	41
Cleaning Gray Iron	Jan. 15	71
Device Preheats	March 1	207
Early History of Making	Dec. 15	987
Find Work in Making Automobile Tires	Nov. 1	845
For Water Meters, Make Bronze	May 15	390
Gases Affect Soundness of—I	Dec. 1	944
Gases Affect Soundness of—II	Dec. 15	984
Grind Flour for a Hungry World	July 1	495
Grip Materials While Handwork Is Done	Feb. 1	87
Help as Compressed Air Finds Use in Industry	March 15	211
Help Electricity Drive Away Darkness	April 15	299
Help To Hitch the Horse to the Wagon	Dec. 1	929
Hold the Ships as the Waves Roll High	Nov. 15	887
Important in Sewing the World's Clothing	Jan. 1	1
In Gas Heaters Add Warmth and Cheer	Sept. 15	705
Iron Spoils	Dec. 15	999
Make Easier the Tanning of Leather	Sept. 1	665
Play Part When the Program Is Received	Feb. 15	129
Prepare Cement for the Nation's Building	Oct. 1	759
Ride Upon the Waves, Pleasure Abounds as	June 1	417
Separate the Oil From the Water	Dec. 15	971
Smooth the Wrinkles When Ironing Day Comes	July 15	539
Straightened on Hydraulic Press	Nov. 1	884
Used for Railway Signals	May 1	339
Used in Building Paper Mill Machines, Large	June 15	456
Used in Electrical Refrigerator	April 1	255
Used in Golf Clubs	June 15	455
Used in Lawn Mowers	May 15	377
Used in Textile Machinery	Aug. 1	583
Used in Vacuum Sweepers	March 1	169
Warp Down and Up While Cooling	July 15	550
Warp When Cooling, Lathe Bed	Sept. 15	743
Wooden Soldiers Cause Lost	July 15	575
Casting Weight from the Pattern, Estimate	Oct. 1	790
Casts Iron Pipe in Spinning Green Sand Molds	Dec. 15	972
Casts Memorial to Maine Victims	April 15	322
Cement Mill Machinery, Castings Used in	Oct. 1	759
Centennial, Observe	Feb. 15	144
Central Foundry, Saginaw		
Coremaking Methods at the	Aug. 15	638
Triple Output Equipment	June 1	418
Handles Large Tonnage	Aug. 1	596
Installs New Equipment	June 15	464
Central Malleable Castings Co., Builds Truck	Jan. 15	83
Centrifugally		
Cast Pipe	May 1	351
Casts Pipe	Dec. 15	972
Making Cast Iron Pipe	Jan. 15	58
Charcoal Cast Iron, Gases in	July 1	506
Charcoal Iron, Oxygen Affects	July 1	506
Charge Evenly in the Cupola, Spreads	Dec. 15	1006
Charges Influences Analysis, Size of	Oct. 1	792
Charging Cupola in Texas Foundry	Aug. 15	622
Chart Indicates Color Markings for Patterns	June 1	429
Checking Facilitated, Pattern	Nov. 1	861
Chicago for 1927, Select	Dec. 15	1004
Chicago Manufacturing & Distributing Co. Designs Bag Holder	March 1	207
Chicago Pneumatic Tool Co. Builds Portable Grinder	Aug. 1	617
Chilled Car Wheels Offer Difficulties	Sept. 1	673
Chilled Rings Crack	Sept. 1	696
Chill Loss, Accounts for Differences in Depths of	Oct. 15	825
Chill on Tread, Style of Gate Affects	Sept. 1	701
Chills Cause Blows	July 15	571
China		
Ancient Methods Prevail in Central	March 15	220
History of Metalworking in	Feb. 15	130
Making Iron in	March 1	173
China's Foundry Practice, Announces Story of	Feb. 1	123
Chinese Casting, Dissect Properties of	May 1	355
Chinese		
Cook in Cast Iron Vessels	Aug. 15	661
Excel in Making Delicate Art Castings, Ancient	Feb. 15	130
Make Iron Today As in the Dim Past	March 1	173
